

Specification Sheet

FDA Neoprene

General Information

Compound Number:	040E1058
Date:	December 12, 2022
Origin:	Made in the USA
Polymer:	Polychloroprene (Neoprene)
Temperature Range:	-30 to +220°F
Specification:	N/A
Compliance:	All of the ingredients have been listed as approved by the FDA in 21 CFR 177.2600, RoHS, REACH & CA PROP. 65

Physical Properties

Property	Test Method	Typical
Hardness, Shore A	ASTM D2240	40 ± 5
Tensile, psi	ASTM D412	800
Elongation, %	ASTM D412	650
