

Specification Sheet

Commercial Neoprene-1300 Series

General Information

Compound Number:	040E0203
Date:	December 09, 2022
Origin:	Made in the USA
Polymer:	Polychloroprene (Neoprene)
Temperature Range:	-30 to +200°F
Specification:	N/A
Compliance:	RoHS, REACH & 65 Prop. CA.

Physical Properties

Property	Test Method	Typical
Hardness, Shore A	ASTM D2240	40±5
Tensile, psi	ASTM D412	700
Elongation, %	ASTM D412	350
