

Specification Sheet

Anti-Microbial Neoprene

General Information

Compound Number:	050E0970
Date:	December 09, 2022
Origin:	Made in the USA
Polymer:	Polychloroprene (Neoprene)
Temperature Range:	-40 to +220°F
Specification:	ASTM D2000 M2BC510 A14 B14 C12 F17 Z1 Z1= Fungus Resistant per MIL-STD-810, Method 508
Compliance:	RoHS 3

Physical Properties

Property	Test Method	Required
Hardness, Shore A	ASTM D2240	50 ± 5
Tensile, psi	ASTM D412	1450
Elongation, %	ASTM D412	350

*Note: Formulated to meet fungus resistance
